NOTIFICATION UNDER 37 CFR 1.56

Assistant Commissioner for
Patents
Washington, DC 20231

Dear Sir:

In accordance with their obligation under 37 CFR 1.56, Applicants hereby inform the Examiner that the subject matter of original claims 1-12, 14-32, 34-52, 54-69 and 71-100 in U.S. Serial No. 09/026,276 was invented prior to the subject matter of original claims 1-96 and 101-116 in the subject application, and prior to the subject matter of claims 97-100 as amended. This Notification is submitted so that the Examiner can consider any

possible prior art effect of the earlier invention under 35 U.S.C. 102(e), (f) and (g)/103. Applicants anticipate that the Examiner will assume that the '276 application and the subject application were not commonly owned as of the date(s) the subject matter claimed herein was made (MPEP 706.02(1)(3), 7th ed. Rev. 1, Feb. 2000, Examination of Applications of Different Inventive Entities Where Common Ownership has not been Established). Applicants reserve the right to refute or rebut any grounds of rejection, including rejections under 35 U.S.C. 102(e), (f) or (g)/103, and to establish common ownership.

Respectfully submitted,
